

ROLLING ON...IN THE 90's

MEETS THE CHALLENGE

The "Quality Crafted" Line

Better Seedbeds...Better Stands!

SUB-SOILERS

The husky, curved shanks of the Sub-Soiler dig down as deep as 16 inches, shattering compacted layers of plow sole and lifting the hardpan while it is being broken.
3, 5, 7, 9, 11 shanks.

3-SHANK DEEP TILLS

The three shank model, shown above, has a Category II hitch. With a cutting width of 7'6", it is ideal for operators with smaller acreages and horsepower. It is extremely maneuverable, yet provides the same basic deep tilling job as its "big brothers."

7 SHANK DEEP TILLS

The 7 shank model shown here, as well as the 5 shank model, has a Category III hitch. This model is equipped with single individual trash cutting coulters and cuts a 17'6" width. It uses manual gauge wheels.

SOIL BUILDERS

SOIL BUILDERS. Coulters gang can be hydraulically controlled to save maintenance dollars. 5, 7, 9, 11 & 13 shank. Available in 2 & 3 bar.

NEW FOR 92 LANDCOMMANDER

Controls compaction, rough fields, soil erosion & residue management problems. Adjustable front disc gangs cut the residue. Auto-reset shanks penetrate the soil 8 to 20" to breakup compaction. The rear discs break clods, incorporate residue and level fields. To leave more surface residue and control erosion, raise the gang. Easy manual or hydraulic adjustments change disc cutting depth. Now there's one way to manage surface residue and compaction problems... stop in and we'll talk.

2 BAR CHISEL PLOW

The Brillion 2-bar Chisel Plow was designed for medium horsepower tractors in the 40-75 h.p. range. The frame accommodates either five or seven 1"x26"x26" shanks. Two types of ground working points are available, chisel points for fast, easy penetration and reduced draft or twisted shovels that roll the soil and mix it with field trash. Mounting is for Category II tractors, 3-point hitch or Quick Coupler.

SOIL GROOMERS

Main illustration shows 12-foot Soil Groomer with spike drag harrows. Insert photo shows disc arrangement with 18" dia. discs that move soil inward to reduce ridging. Scrapers are adjustable. 12 to 30 ft.

3 BAR CHISEL PLOWS

The CPP series of mounted models enables you to turn short and fast...to transport easily, utilizing your tractor's hydraulic system. 7, 9, 11, 13, or 10, 12, 14, 16 ft.

M-MD PULVI-MULCHERS

The Brillion Pulvi-Mulcher converts fall or spring plowings into clod-free, high yield seedbeds. Just flick the tractor hydraulic control pulvi-mulcher lifts to transport wheels. Available from 7'4" to 15 ft.

ML SERIES PULVI-MULCHERS

NEW SERIES 03 - Built to last.

- Easy rolling 20" ductile iron notched or crowfoot roller wheels with a 5 year limited warranty.
- Longer life external mounted bearings.
- Longer, heavier drawbar for shorter turns. Available 12'6", 13'10", 15'2" & 18'9"

There's lots more reasons to buy Brillion... stop in and we'll talk.

WL SERIES PULVI-MULCHERS

NEW SERIES 03 - Built to last.

- Easy rolling 20" ductile iron notched or crowfoot roller wheels with a 5 year limited warranty.
- Longer life external mounted bearings.
- Longer, heavier drawbar for shorter turns.

There's lots more reasons to buy Brillion...stop in and we'll talk.

Available 21'8", 25' & 30'
