affordable.**

<p><b>GRANDRIB 3 GALVANIZED STEEL</b> Grandrib 3 has a full 36" coverage with 3/4" deep ribs every 9". The rib's depth and placement give it exceptional rain carrying capacity. Anti-siphon side lap makes it virtually leak-proof.</p>	<p><b>STRONGRIB ALUMINUM AND PAINTED ALUMINUM</b> Strongrib unique profile design makes this versatile panel ideal for exterior roofing and siding as well as an interior liner for ceiling and sidewalls. Twin 3/4" deep ribs every 9" and high strength alloy aluminum give it a uniform load-carry capacity equal to many steel panels.</p>	<p><b>1 1/4" SSR</b> The 1 1/4" SSR is a true standing seam roof system, specifically designed for the wood-frame and light-gauge steel frame commercial and residential markets. Offering unmatched economy, appearance and weathertightness, the 1 1/4" SSR provides a distinct advantage over other roofing products.</p>

Fabral's steel colors provide years of maintenance-free service to any structure. Our strict quality control standards and painting procedures assure you of receiving a superior finish every time. Each steel coil is prepared for painting by an alkali cleaning, hot water rinsing, application of pre-treatment, cold water rinsing, acid sealing rinsing and thorough drying. The epoxy coating formulated to provide corrosion resistance and to interact with the topcoat is applied and oven cured. The exterior finish coat is applied and oven cured to provide a durable, tough finish.
