A LOAD OF MIRACLE BREWER'S WET GRAINS ... LOADS MORE MILK

Have you considered brewer's wet grains to give your herd's production a boost? Brewer's wet grains from Miracle Feeds are an excellent protein and energy source. They can readily make up to 20-30% of the ration's dry matter. Combined with McNess vitamins and minerals they can provide a very efficient rumen by pass way to feed.

Researchers estimate that between 45-55% of brewer's wet grains' protein escapes rumen degradation compared to only 25-30% for soy bean meal. This by-pass protein is more efficiently digested and absorbed in the cow's small intestine.

For more information on the use of brewer's grains and other by-products, plus McNess premixes, contact Bob Hoffmann at (716) 344-3930.
