In 5 years Kverneland has brought a new dimension into forage production!

Silawrap 7515 - the ideal one-man machine for custom wrapping. Computer controlled from cab, 30' Kverneland pre-stretcher, Kverneland Applicator, and hydr. fall damper for gentle bale discharge.

Simple solutions are very often the best - and least expensive! Therefore, it is not a surprise that Kverneland in 5 years has achieved the World leadership with the Silawrap System.

Because the Silawrap System offers:

- Minimal investments in fixed constructions
- Forage production far less depending on weather
- High feed value
- Harvesting and storing with minimum loss
- One-man operated silage production
- Great flexibility in harvest and storage
- Highly reliable technology in method and machines
- The experience behind more than 10,000 Silawraps

Silawrap 7558 - stationary (or 3-point) model fully computerized, infra-red operation from loading tractor. One-man operation.

The dominating position of Silawrap in more than 20 leading agricultural nations in the world clearly confirms the Kverneland philosophy - "always to be a trouble-shooter for demanding farmers".

For more details on how you too can benefit from Silawrap - and users references - please contact us today. Video tapes available.

Kverneland
where farming means business

PREVENT PIGLET CRUSHING

Model 90 Farrowing Crate

GALVANIZED!

Constructed from heavy gauge materials this crate is designed to reduce crushing, with sow comfort in mind. The bowed bottom bars makes for a comfortable 33" crate width when the sow lays down, yet the adjustable anti-crush bars eliminates the sow from carelessly dropping in the piglets.

This movement restriction does not hamper the sow as she lays down, or wants to stand up, as the bars slide up and out of her way.

IN STOCK!

Our New Gestation Stall

- No Drop Pins
- Doors Open 180° And Can Be Closed With One Hand
- Solid Steel Construction
- Natural, Painted Or Galvanized Finish
