

## AAW Convention To Be Held November 12-16

COLUMBUS, Ohio — American Agri-Women's 1992 Convention will be held November 12-16, at the Holiday Inn in Columbus, Ohio. Convention sessions will include topics from wetlands to finance to food safety issues and will feature speakers from throughout the country.

Among the scheduled speakers are Bill Richards, chief of the Soil Conservation Service, who will discuss wetlands regulations, and Congressman John Boehner of Ohio, a member of the House Agriculture Committee, who was among those who "blew the whistle" earlier this year on Con-

gress' check-writing system. The Convention program also features a panel discussion on the proposed food labeling regulation changes and an in-depth media workshop on food safety topics.

In addition to the business sessions, workshops and seminars, the agenda includes inspirational

programs featuring Ron Eberhard, a specialist in business and estate planning; Robert G. Heft, designer of the current American flag and a modern day Will Rogers; and Ellen Ford, folk life artist and musician.

Registration is open to all and available on a per day or entire

Convention basis. The Convention is being hosted by Women for Ohio Agriculture, an affiliate of AAW. For more information on registration for the 1992 Convention, contact Judy Loudenslager, 3131 Kenton Galion Road, Marion, OH, 43302, 614-465-2847. American Agri-Women is the national coalition of farm, ranch and agribusiness women, with 48 state and national commodity affiliates. For more information on AAW, you may also contact AAW President Trenna Grabowski, 2006 Broadway, Mt. Vernon, IL, 62864, 618-242-4311.

## A ROTARY CUTTER FOR THE LARGEST CUTTING JOBS.

**BUSH HOG**  
DIVISION OF  ALLIED PRODUCTS CORPORATION  
Winning with quality.

Especially recommended for medium duty mowing on large acreages, Bush hog's 2620 Series Rotary Cutter gives you a full 20-foot cut... and blades overlap 6 inches to assure a clean, uniform job. Wings flex from 90° up to 22° down during operation, so work on uneven terrain is no problem. Spring-loaded axle assemblies provide shock absorption at each axle arm for added protection in rough cutting conditions.

Features include 540 or 1000 rpm heavy duty gear boxes, level lifting of center and wing units and a choice of round or straight blade holders.

## STOP BEATING THE BUSHES.

One of the toughest big cutters on the market, Bush Hog's 15-foot 3615 Flex-Wing Rotary Cutter was developed for heavy duty cutting chores on rugged terrain. It cuts material up to 3 inches thick and operates from 90° up to 22° down. Spring-loaded axle assemblies and heavy duty slip clutches are standard equipment. A minimum 80 hp tractor is recommended.

Features include level lifting of center and wing units, a narrow profile tongue for better turning radius and specially designed, heavy duty gear boxes. So if you've been beating the bushes and need a really tough rotary cutter, hitch the Bush Hog 3615 to your tractor. You'll make those bushes, stalks, grass and saplings virtually disappear.
