**BARN CLEANERS**

Built to clean faster... built to last longer!

All-forged Hook-Link® chain... available on Super 300 and Super 500 barn cleaners

Extra thick steel at all wear points

**IMPORTANT:** Look for the "parting line" on any barn cleaner chain you buy. It shows where excess metal has been trimmed off. It is your assurance that the link was totally forged, not just punched out of a flat steel bar with grain flow in one direction only.

You want a totally-forged link because forging changes the grain on the steel, causing it to curve in unbroken flow lines around the contours of the link, giving the link greater strength to serve you longer.

1/4" Paddles

**Fiberglass Bulk Feed Bins**

Capacities from 2.5 ton to 30 ton

Designed for a lifespan 30 to 40 years with minimal maintenance

P.O. Box 11  
Lancaster, PA 17604  
(717) 634-8300

With the full color brochure and a free sample of fiberglass. The modern material used for high performing bins.

**REEL AUGGIE**

2000 Series Mixer/Blender/Feeders

**Tow, Truck, or Stationary Units.** All of the Knight Reel Auggies are available for stationary applications, and all except the smallest RA2120 are available in tow-type or truck mounted units

The notched lower blending auger moves material forward while mixing. It also functions as the discharge auger, providing a fast, even flow of materials to the discharge door.
