Come on in and we'll show you the model ready to work for you!

**A workhorse**

**MODEL 1520**

Stop in and see one soon

A Ford compact diesel tractor fits right in. They have plenty of engine and hydraulic muscle to handle all kinds of jobs. Other pluses include:

*Touch-Turn™ steering* makes it easy to maneuver in tight areas — like around stables.

*Optional hydrostatic or shuttle shift transmission* make changing direction easy — a real time saver when you're mowing or doing loader work.

*Easy-to-reach controls and easy-read instruments* make operating a Ford compact diesel a breeze.

**Ford 1520 Compact, Hydro. Trans., 4 WD**

**IN STOCK!**

**Load...unload faster and easier**

When you're working the big loads you need the Super Boom advantage — extra reach. With more forward dump reach you can center load your largest spreader from one side so you get an even\* load. The result: faster loading, fuller loads and easier unloading. With level bucket lift you load more and lift higher... with less spillback. And, with a longer wheelbase there's more stability and safety. So, why get stuck with anything else? Find out just how good a skid-steer loader can be.

**Exclusive design produces best-ever bales**

**NEW!**

The unique New Holland Models 650 and 660 Roll-Belt™ round balers make the best quality bales ever. Tight bales — dense bales. Great-looking, square-shouldered bales that hold up to the weather. The patented Roll-Belt™ design means fast, sure core formation, even in the toughest crops. The adjustable hydraulic belt-tensioning system puts maximum bale density control at your fingertips. And you can choose from three optional automatic tying mechanisms for the smoothest package ever.
