Less Leaf Loss & Better Bales

The Fastnet® net wrap system, an optional tying method for selected New Holland round balers, makes better-looking and better-weathering bales. Just two plastic net wraps do the job of 12 to 18 twine wraps per bale. And they do it better too, because bales are turned fewer times. That means less leaf loss and better quality hay. Now you can net more hay — and more profits, too.
