NOW IN STOCK

THE ULTIMATE CONVENTIONAL COMBINE

With this concentrate feeding system LESS MEANS MORE

Dairymen report a 7-8% increase in milk yield with 5% less concentrate input with the new VA 500.

Each cow's ration is fed automatically according to her individual lactation curve. Feeding for production means high producing cows get more. Every cow pays her way. The whole herd can be housed together and you don't need complicated computer support systems for operation.

Make your concentrate work harder.
