

**MAKE BINKLEY & HURST YOUR CASE IH DEALER & REAP THE BENEFITS OF A DEALER WHO TRIES HARDER!**

**THREE YEARS AGO, WE SET THE STANDARD. NOW WE'RE RAISING IT: INTRODUCING THE NEW 5200 SERIES MAXXUM® LINE. NEW HP RATINGS From 80 To 90 To 100 To 112**

**THIS NEW 5250, 112 HP TRACTOR IS IN AND READY TO GO TO THE FARMER WHO WANTS IT THE BEST!**

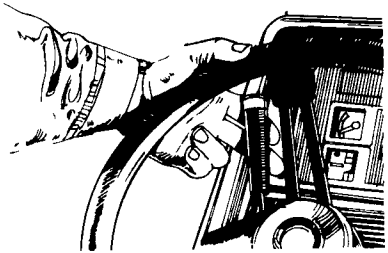

**This New 112 HP Model 5250 Is Here**

**And Would You Believe The Competition Has Tried To Copy The Case IH Maxxum & Magnum Tractor Lines... But OOPS! They Didn't Make It! This Proves That Case IH Is Truly The Tractor Industry Leader!**

- ① We Still Have Transmissions Made Out Of Real Iron — **NOT** Aluminum.
- ② Our Maxxum Tractor Line Weighs Almost 1 Ton More Than Most Competitive Brands In The Same HP Class.
- ③ Case IH Maxxum Tractors Are Still The Only Tractor Made With A True Shuttle Shift That Is Operated By Your Left Hand Which Also Operates Your Steering. This Leaves Your Right Hand Free To Operate Loader Controls, Aux. Hydraulics & Other Operating Functions.

While it may be tough to choose between the four new Case International 5200 Series MAXXUM tractors now available, one thing is certain. No matter which model you select, the industry's top shuttle-shift system comes standard. And that means high-volume, high-speed loader work has never been easier. With the flip of a fingertip, your MAXXUM shuttles quickly and decisively from forward to reverse, or vice versa, without clutching. The MAXXUM shuttle shift is active between the first 12 forward speeds and the corresponding 12 reverse speeds, allowing shuttle shifts at forward speeds of more than eight mph and reverse speeds of more than 10 mph. "Shuttle-shift" a new 5200 Series MAXXUM tractor yourself. Coming or going there's never been anything like it.

**THE MAXXUM® SHUTTLE SHIFT: IT'S NEVER BEEN EASIER TO MAKE ALL THE RIGHT MOVES.**

- ④ Case IH Tractors Feature American Styling, **NOT** Italian Like Competition Has Compromised To.
