

ROLLING ON...IN THE 90's

MEETS THE CHALLENGE

When Looking For Quality —

BUY

PP PULVERIZERS

This model pulverizer is designed for use with CAT. 13 point hitch tractors. The pulverizers are available in 6', 7', and 8' widths. They are available with your choice of three roller wheels: 16 1/2" notched, 16 1/2" crowfoot, and the 20" notched ductile iron wheel.

Also Avail. As Pull Type

P SERIES PULVERIZERS

P10 Series Single Gang available as pull type or transport 10 ft thru 16 ft. available with most old style rollers and the new 20" Ductile Wheel. Also Available As Pull Type.

X-FOLD PULVERIZERS

The X-Fold pulverizers are designed to meet the needs of today's larger acreage farmers... and Brillion offers them in two models and 11 sizes from 19' through 46'. Now available with 20" Ductile Wheels.

3 PT. BASKET CULTIVATORS

3 Pt. Basket Cultivators. Brillion has designed a 3 pt. S-Tine field cultivator with a larger, aggressively angled 12" diameter rolling basket, a 4-bar frame that allows for either 4" or 6" tooth spacing and an adjustable leveler bar in 12', 15' and 18' sizes. The distance between the four bars has been increased for the best trash flow in the industry. Gauge wheels are optional.

FOR MEDIUM (40-75) H.P. TRACTORS

The Brillion 2-bar Chisel Plow was designed for medium horse-power tractors in the 40-75 h.p. range. Two types of ground working points are available: chisel points for fast, easy penetration and reduced draft or twisted shovels that roll the soil and mix it with field trash. Rigid or spring shanks available.

2 & 3 BAR CHISEL PLOWS

The CPP series of mounted models enables you to turn short and fast... to transport easily, utilizing your tractor's hydraulic... 5, 7, 9, 11, 13 or 10, 12, 14, 16 ft.

BRH RO-CROP CULTIVATOR

Mini Tillage

The heart of the BRH Ro-Crop is Brillion's No-Wobble Parallel Linkage. Heavy duty is an understatement, the linkage for each gang weighs over 50 pounds. Strength where it's needed, a Brillion tradition. Heavy duty straight edge shanks allow high-speed tillage without throwing dirt or residue. Underframe shank clearance of 25" allows you more days to cultivate your crops before they get too tall. 4, 6, 8, 12 row.

"S" TINE CULTIVATORS

The "S" tine has a four-way tooth movement that is designed for high speed cultivation in conjunction with chemical weed control. The spring tines perform well in dry or wet soil, even in rocky ground. The vibrating tines not only kill weeds, but also mulch the soil and level the ground. 4, 6, 8 row.

FLAT FOLD CULTIVATORS

This distinctive Brillion features results from rigid parallel links made of high strength gray iron — each link weighs 12 pounds. The ends are fitted with 2" wide Nylatron sleeve bearings. With this wide bearing surface, frequent resettings in the field are eliminated. 6-8-12 Row.

FLAIL SHREDDERS

Flail Shredders. Heaviest gearbox on the market eliminates the number one cause of downtime. 12 ft & 15 ft. Available with cup or side slicer knives. 540 or 1000 RPM.

HFC FIELD CULTIVATORS

The "heart" of any field cultivator is the shank pivot point. A "bulked up" shank bracket made of cast ductile iron instead of the usual formed steel bracket, incorporated a hardened steel bushing AND a zerk grease fitting to lubricate the pivot point to reduce wear. The result is thousands of acres of extended life of the shanks.

SPRINGTOOTH HARROWS with "INSTANT" TRANSPORT

STS and STR series have low profile design with heavier tooth mounting bars, longer wheel wells and PRE-SET DEPTH control. STR models have "C" shaped or ribbon teeth. STS models are equipped with spring tines. 8 to 20 ft.
