

# Penn Jersey Dairy Expo Set

Lancaster Farming, Saturday, January 9, 1993-A37

EASTON (Northampton Co.) — Agricultural business and extension offices in Pennsylvania and New Jersey have set the dates and locations for the

annual Penn Jersey Dairy Expo: Oxford Fire House in Oxford on January 21 and at the Easton Inn in Easton on Jan. 22.

The expo has been

organized to allow dairy farmers in the region to attend a variety of sessions with topics such as surviving in an unstable milk market, farming and environmental restrictions (a farmer panel), keeping cows comfortable, and new developments in reproductive technology.

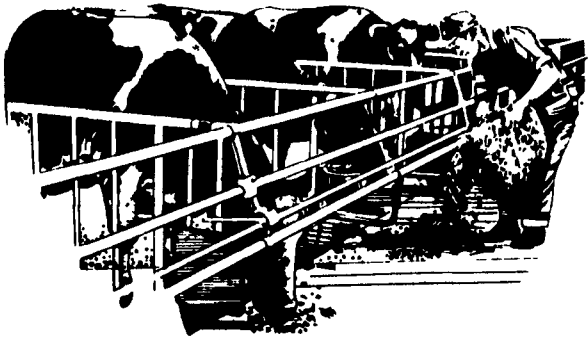

The trade show is located at the Easton location, although the program topics will be presented at both locations.

Speakers include Jim Putnam, Springfield Farm Credit; Dan McFarland, Penn State; and Dr. George Seidel, Colorado State.

Cost is \$5 per person, which includes lunch. Reservations are necessary by Monday, Jan. 11 and can be made by contacting your local extension office in Pennsylvania or New Jersey.

## Your Smart Investments In Soybean Performance

For soybean performance in an early or medium Group III variety, it's hard to beat 3311 and 3385. And now, get that performance at big savings.

Just buy 54 units of either variety in our new Value Pak™ and save up to \$60. That's because we'll give you 4 free units. No matter which soybean variety you choose, you'll be on your way to bigger yields and better all-around performance.

Make a smart soybean investment. Talk to your local Hoffman sales representative today or call:

**1-800-776-7929**

**New 3311**

**Relative Maturity: Early Group III**

- Documented yields over 100 Bu/A.
- Outstanding emergence for good canopy development to reduce weed growth.
- Good standability for improved harvestability.
- Recommended as an early full-season variety.

**3385**

**Relative Maturity: Medium Group III**

- Rapid emergence.
- Averaged 9 Bu/A more than Williams 82 in 1988 and 1989 trials.
- Matures approximately 4-5 days earlier than Williams.
- Recommended for solid seeding.
