

While most lenders have  
barely scratched the surface  
in agriculture,

we've gone a bit further.

Fact is, you can explain your needs to some bankers until you're blue in the face and chances are they still won't understand. Farm Credit loan officers, on the other hand, have been through the most comprehensive ag lending training program in the nation. And many have farm backgrounds themselves. They can approve loans for just about any farm need

from land to equipment. And since a committee isn't necessary for most decisions, loan approval is easy and fast. Stop by and talk with your Farm Credit loan officer.
