

HAPPENINGS

On November 8, eleven Grassland FFA members left to attend the National FFA Convention in Kansas City, Missouri. The convention itself was held from November 11 to November 13. The main purpose of the trip was to take part in the many opportunities that the convention offered, such as contests, a career show, motivational speakers and getting to know FFA members from all across the United States in general.

On the way out, the members stopped at places such as the Airforce Museum in Dayton, Ohio, the Indianapolis Speedway, and the St. Louis Arch.

The members that attended were Christine Edwards, Wade Esbenschade, Joel Fox, Justin

Good, Kristin Green, Ronda Ringler, Jevon Shirk, Andrea Snader, Kim Thornton, Darrel Weaver, and Neil Wenger who are all juniors at Garden Spot High School.

The Grassland chapter also received a number of awards. Jeff Martin, a recent graduate of Garden Spot, got national recognition for his local tree trimming and removal business. He had been named the Eastern Region Star Agribusinessman earlier in the year, and was in the running for Star Agribusinessman of America. As a finalist, he was recipient of one thousand dollars from the National FFA Organization and a ten day all expense paid trip to Europe. The chapter also received a Gold medal for their outstanding BOAC (Building Our American

Communities) project that consisted of building greenhouses for their hydroponics and aquaculture projects, building a fitness trail around Garden Spot High School, building a hiking trail and a stream improvement project. Jason Reifsnnyder was also third runner up for the National Volunteerism Award. The chapter received a Bronze medal in the National Chapter Rating Competition.

All in all, the trip proved to be very worthwhile and rewarding for the chapter and its participants.

MAILBOX MARKET FOR SALE

84 Ranger pickup for parts or restore \$495. 11/2 ton pulltype fertilizer spreader Calhoun \$1500. Col. Co. (717)799-5425 evenings.

The Chain Saws For People Who Want To Act Like Lumberjacks, Not Work Like Them.

If you know a little about the timber business, you know that Stihl chain saws have been used by professional woodcutters for over sixty years.

So maybe you think Stihl equipment is "too good" for a suburbanite or farmer or anyone else who needs to cut wood on an occasional basis.

Well, we're happy to tell you that Stihl makes a whole series of chain saws with your needs in mind.

But don't confuse

The Stihl 021 Superb power-to-weight ratio, isolated carburetor, electronic ignition. 021 - \$259.95 14"

The Stihl 023 All the features of the 021, plus 30% more power 023 - \$294.95 16"

The Stihl 025 More powerful than the 023, plus convenient side chain tensioner 025 - \$319.95 16"

The Stihl 026 Designed for professional use, or the demanding weekend-woodcutter 026 - \$429.95 16"

them with discount-store chain saws.

All Stihl saws are designed for performance, ease of handling and starting, and durability.

Now, about the 026 shown at the bottom we'll admit we sell this saw to professional woodcutters. But it's also bought by people who simply put a lot of hours on a saw every year.

And by the way, when were you ever unhappy because you bought a product that was too good?

For The Part Of You That Promised You'd Never Compromise.
