# The Best of the Best

The Wheeling 2 oz. Seal of Quality coating represents  
the best of the best in the Wheeling Corrugating line

of premium galvanized roofing  
and siding. Every panel that  
carries the 2 ounce coating  
assures you are getting the  
toughest, the most durable,  
the most corrosion resistant  
galvanized sheet available  
in today's marketplace.

### Genuine Old-Time Quality

Every Wheeling 2 oz. sheet is manufactured from heavy  
gauge steel, topped with an extra thick zinc coating and  
formed into profiles that contribute strength and good looks.  
Build with a Wheeling 2 oz. sheet and you'll be working  
with the kind of durability and dependability that's been  
a standard in the industry for almost 100 years.

### The Proof is in the Process

The performance behind the Wheeling 2 oz. Seal of Quality  
is possible because of Wheeling's patented Cook-Norteman  
manufacturing process. This technology allows a more  
consistent quality product and a more uniform coating  
with unsurpassed zinc adhesion. The process takes more  
handling and more time, but the end result is a super  
premium panel that has its own limited 20 year  
performance warranty.

### Dimensions and Specifications

If your building plans call for roofing and siding materials  
with exceptional corrosion resistance, minimum upkeep  
and old time toughness, you'll want to check the specs of  
Wheeling 2 oz. Seal of Quality galvanized.

Gauge 28  
Lengths Up to 40'  
Steel Full hard 90,000 psi cold rolled  
Wheeling Pittsburgh carbon steel
