BROADEST-SPECTRUM CONTROL FOR HIGHEST YIELD POTENTIAL

COUNTER CONTROLS MORE MAJOR CORN PESTS

For more than 10 years, COUNTER systemic insecticide-nematicide has been the undisputed leader in rootworm control. But COUNTER also controls a broad spectrum of other pests that can attack your crop...including wireworms, white grubs and nematodes. More major corn pests than any other product.

With COUNTER, your corn gets off to a fast start, with

stronger, healthier root systems. So your crop gets the moisture and nutrients necessary for the best possible yields.

Stop by today for information on COUNTER. We're your local Cyanamid AgriCenter dealer.

KELDERMAN AIR RIDE

Adding a Kelderman Air Ride Conversion system to your present suspension will result in a two stage suspension system. This is not to be confused with adding an Air bag mounted above the axle. Allows adding extra spring leaves to increase load rating and still maintain Air-Ride comfort

The bolt on basic package utilizes an air stem mounted in a convenient location to add or remove air from the system.

Optional 12 volt compressor allows changing air pressure setting on the go.

Currently available for front and rear suspension in Dodge Series 250 & 350 trucks. Available soon for Dodge Dakota models.

Also available for some Ford, Chevy, and GMC truck models. Special orders available for most motor homes. This option will smooth out the ride on those rough-road fishing/camping trips.
