**NEW 6000 SERIES TRACTORS...  
NEW 600 SERIES LOADERS... GREAT NEWS**

Your hydraulic power needs vary from one loader job to the next. So we built a new hydraulic system for new 6000 Series Tractors that varies pressure and flow to match your demand. If you need a big flow of oil, you'll get it... the 16 gpm main pump provides maximum pressure up to 2900 psi. You get exactly the response you need, fed to the fastest cycling, most productive new loaders we've ever built.

Come see us for more details.
