Simmental Bulls
 that increase growth while improving calving ease.

When they weigh more, they pay more.

Pencil it out for yourself. Despite the premium you get for those lightweight calves, the dollars just aren't there. And it's total dollars that pay the bills.

Simmental bred calves are in demand. As top replacement females or as fast gaining feeders that produce more red meat - less fat.

Why fool around with lightweights? Simmental. More pounds more dollars.
