MAKING AGRICULTURE BETTER WITH PLASTIC

- Written guarantee against U.V. inhibitor breakdown
- Tested Worldwide in all climates
- No windrowing
- 001 gauge
- Accurate length and weight per roll
- High density water resistant core
- Tear resistant
- Exceptional strength, memory and tack migration
- Low density blown film
- Well packaged for roll protection.
- Reflects the sun and eliminates "cooking".
- Available in 20" and 30" rolls
- Sunfilm has 14-15% UV inhibitor (twice as much as other brands)
- Sunfilm has greater stretch characteristics (50-75% stretch)
- Sunfilm is the leader in silage wrap.
- Bales wrapped in test plot for 2 years are still good.

**BRILLION SURE-STAND
GRASS SEEDERS**

REDESIGNED FOR
THE 1990's

New, heavier frame.

SS10 equipped with optional bromo box, track removers, acremeter, 9 5L tires

Grass seed is a very expensive commodity. By properly placing the grass seed in the top 1/2" of a properly prepared seedbed you will realize maximum seed germination. Because of Brillion's precision placement of the seeds, seeding rates can often be cut to nearly half of the rates previously used. In many cases the savings in seed alone will pay for a "Sure-Stand" Seeder in just a short time.

Model SS10 - 10' Seeder With Acre Meter & Wheel Track Remover Kit

SALE PRICE **\$5,995**
SALE ENDS APRIL 1, 1993

BRILLION PULVERIZERS

Good yields start with a properly prepared seedbed. A firm seedbed is critical to maintain a uniform planting depth. The seedbed should be firm with fine soil particles at seed depth and should have a loose mulch on the surface to retard evaporation and conserve moisture. Some of the most valuable soil nutrients are locked in the clods left in your field. The Brillion Pulverizer crushes clods to release those nutrients for use by growing plants. At the same time air pockets are eliminated and moisture is drawn up the root zone by capillary action. Good soil to seed contact creates more uniform germination, pollination and maturity, and that means increased crop yields and greater profits.

IN STOCK; 21', 23' & 25' X-Fold Pulverizers

BUY BEFORE APRIL 1, 1993
AND SAVE 8%

BRILLION P10 SERIES PULVERIZERS

Brillion's transport concept is new to the industry. Machine weight is hydraulically rotated over the wheels for transport. This reduces drawbar hitch weight considerably and provides ample clearance for transporting.

IN STOCK: **SALE PRICE**
• PDT 12-12' **\$2,990** Sale Ends April 1, 1993
• PDT 14-14' **\$3,690**

BRILLION FLAILS

keep going when others quit

When you buy a Brillion you get the BEST... built-in quality with added strength where it counts... all the way from the heavier hood with replaceable wear plates, right down to the dynamically balanced rotor with knives installed to provide smooth, vibration-free operation. With your Brillion you can cut and shred a full 15 feet of residue. And you can move right along without costly and time-consuming breakdowns.
