- 5200, 40 HP, 2 WD, Demo SALE PRICE - \$13,950

The VacuMeter is light-years ahead of the Finger Pickup and competitive meters in versatility, accuracy and speed

No tools needed—low maintenance design. No tools are required with the VacuMeter system when you need to change from one type or size of seed to another. Even the brush that holds the seed in the meter reservoir is easy to change.

Seed disks are made of space-age plastic and are the only moving part of the system. They require little maintenance compared to the constant demands of the finger pickup meter.

Seed disks are available for many row-crop seeds and sizes

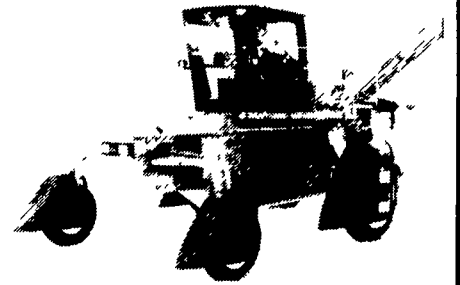

• 7200 PLANTERS IN STOCK

See Us Now For Best Prices & Selection!

Access to the VacuMeter System is straight forward, so seed disks are easy to change. Note the simple design featuring only one moving part — the seed disk itself.

Sturdy design combines with advanced technology in our popular range of sprayers. Designed to bring your crop protection program up to date with environment protection and cost efficiency in mind. Many models have — Deluxe features like HARDI-MATIC flow proportioning and CONSTANT PRESSURE boom feed.

HC TRAILER SPRAYERS

With the increased popularity of no-till crops and more use of post-emergence herbicides, the High Clearance sprayers find their way through more and more fields. The tall single wheels (11 2 or 13 6x38) offer a smooth ride even under rough field conditions, they turn easier and shorter at the end of rows reducing crop damage and soil compaction. The high under-axle clearance allows vegetable growers to enter their crops for late insecticide and fungicide applications.

Available in 500, 650, 800, 950 & 1000 Gallon Tank Sizes

NEW! "EAGLE" HYDR-FOLD HEAVY DUTY BOOMS

The Eagle boom is designed with no-till farming in mind. The SPA suspension (trapeze with coil springs and shock) stabilizes the boom even in the most difficult ground conditions. Booms are available in 45', 50', 60' and 66' sizes

Tank rinsing and boom flushing kit, to flush spray lines and avoid built-up residues or to take a head start on rinsing the tank

- Model HY Eagle Booms - w/ Hydraulic Lift and Fold
- Model HZ Eagle Booms w/Hydr. Lift & Fold PLUS Individual Wing Tilt And One Side Folding
