

ARLINGTON, VA. — Seventy-five percent of the booth space for the Irrigation Association's 1993 International Irrigation Exposition and Technical Conference has been sold. The

four-day event will be held Oct. 31 - Nov. 3 at the San Diego Convention Center.

Of the 450 booths available for the 1993 Expo, more than 300 have been sold to irrigation com-

panies around the country based on a priority point system which the association instituted years ago.

The association is also implementing a number of new market-

ing plans which are expected to increase show attendance. Among other things, the association has lowered registration rates by 30 percent and will be kicking off an expanded advertising campaign

The IA Expo is devoted exclusively to irrigation products and services. For more information about exhibiting or for more information about the program, call the Irrigation Association at (703) 524-1200.
