BRILLION SURE-STAND GRASS SEEDERS

REDESIGNED FOR THE 1990's

New, heavier frame
SS10 equipped with optional bromo box, track removers, acremeter, 9.5L tires

Grass seed is a very expensive commodity. By properly placing the grass seed in the top 1/2" of a properly prepared seedbed you will realize maximum seed germination. Because of Brillion's precision placement of the seeds, seeding rates can often be cut to nearly half of the rates previously used. In many cases the savings in seed alone will pay for a "Sure-Stand" Seeder in just a short time.

Model SS10 - 10' Seeder With Acre Meter & Wheel Track Remover Kit
SALE PRICE \$5,995
SALE ENDS APRIL 1, 1993

BRILLION PULVERIZERS

Good yields start with a properly prepared seedbed. A firm seedbed is critical to maintain a uniform planting depth. The seedbed should be firm with fine soil particles at seed depth and should have a loose mulch on the surface to retard evaporation and conserve moisture. Some of the most valuable soil nutrients are locked in the clods left in your field. The Brillion Pulverizer crushes clods to release those nutrients for use by growing plants. At the same time air pockets are eliminated and moisture is drawn up the root zone by capillary action. Good soil to seed contact creates more uniform germination, pollination and maturity... and that means increased crop yields and greater profits.

IN STOCK; 21', 23' & 25' X-Fold Pulverizers

BUY BEFORE APRIL 1, 1993 AND SAVE 8%

BRILLION FLAILS

keep going when others quit

When you buy a Brillion you get the BEST... built-in quality with added strength where it counts... all the way from the heavier hood with replaceable wear plates, right down to the dynamically balanced rotor with knives installed to provide smooth, vibration-free operation. With your Brillion you can cut and shred a full 15 feet of residue. And you can move right along without costly and time-consuming breakdowns.

Model FS 1805-1000 RPM, 15' **SALE ENDS APRIL 1, 1993**
SALE PRICE \$6,990

BRILLION P10 SERIES PULVERIZERS

Brillion's transport concept is new to the industry. Machine weight is hydraulically rotated over the wheels for transport. This reduces drawbar hitch weight considerably and provides ample clearance for transporting.

IN STOCK: SALE PRICE

- PDT 12-12' **\$2,990** Sale Ends April 1, 1993
- PDT 14-14' **\$3,690**
