The JUG

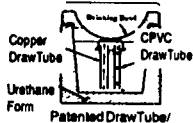

Frost-Free Livestock Waterer
1, 2 or 4 Hole Models

- * Open water year 'round
- * Low or no electric use
- * Clean water for months
- * Livestock drink without training
- * As maintenance-free as you can get

* Documented by N Dakota State University-Carrington Research Extension Center

The JUG keeps water clean and frost-free even in cold Pennsylvania winters. It was developed by Wayne Noland who has 49 years experience designing freeze protection watering devices.

HIGH TENSILE FENCE...THE FARMER'S BEST INVESTMENT

The Beaver Fence Systems are tops! We installed 1 mile of their fence on our farm on Feb. 3, 1993, full size post, 3-1/2 feet deep, excellent braces. We used 5 strand (2 elec.) high tensile, all in place in just 8-1/2 hours! The fence is as straight as an arrow-excellent equipment-very efficient work!

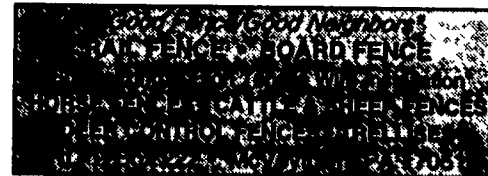

"I am a hard man to convince, but after I saw how Beaver built the fence, I'm ready to put my digging iron away," says David W. Brubaker of Honey Grove Acres, RD1, Box 629 Honey Grove, PA 17035
