

3-Year PMCGA Memberships Include Newsletter

QUARRYVILLE (Lancaster Co.) — For a limited time, corn growers who sign up for three-year memberships with the Pennsylvania Master Corn Growers Association (PMCGA) will receive, as a bonus, three free months of Doane's Agricultural Report, including 24-hour access to Doane's Marketing Advice VIA Teledoane - Doane's

market hotline. "The National Corn Growers Association (NCGA) conducts programs in market development, research, and education," said NCGA Field Services Director Dave Drennan. "In cooperation with Doane Agricultural Services (of St. Louis, Mo.), we now will have the opportunity to educate our members more fully. Weekly issues of Doane's Agricultural Report will help our members to get better prices for their crops, make the right moves on government programs, and upgrade production and management decisions to improve their bottom line. It will keep corn growers on top of events and primed to make profitable decisions."

The newsletter includes short and long-range market forecasts, ag legislation updates, management tips, and farm business strategies. The newsletter is completely free to corn growers who join or renew for three-year membership terms during this limited-time offer.

50 Billionth Bushel To Leave New Orleans

WASHINGTON, D.C. — An export milestone will be reached on May 6 when the 50-billionth bushel of corn to be exported from the United States will leave from New Orleans, bound for Japan.

"Shipping the 50-billionth bushel of corn from New Orleans to Japan is very symbolic," said Kenneth Hobbie, president and CEO of the U.S. Feed Grains Council. "More corn leaves New Orleans than any other port, and Japan is our

number-one corn customer." The celebration, noting the 50-billionth bushel of corn exports, will be held at the Continental Grain Company export facility in Westwego, Louisiana, part of the Port of New Orleans.

The jubilee, marking the 50-billionth bushel of corn exports, is being conducted by the U.S. Feed Grains Council, an organization that develops export markets for U.S. corn, sorghum, barley and their co-

products. It is being sponsored by Pioneer Hi-Bred International Inc.

"Corn production and corn exports have made a significant contribution to the U.S. agricultural economy and the national economy," said Owen J. Newlin, senior vice president of Pioneer Hi-Bred International Inc. "Pioneer is proud to be supporting this celebration, observing a landmark for the U.S. corn industry and U.S. agricultural exports."

ROLLING ON...IN THE 90'S Brillion X-FOLD PULVERIZERS MEETS THE CHALLENGE

CRUSH CLOUDS and FIRM THE SOIL For Better Contact between Seeds and Soil.

Brillion has manufactured Pulverizers since 1985 and dominates the market today. Part of that success is because the roller wheels are made in Brillion's own modern foundry. That gives Brillion a big advantage in quality and price.

Available 19' to 46'

There's lots more reasons to buy Brillion...stop in and we'll talk.

Now Available On 20" Ductile Iron
Wheels And 5 Year Limited Warranty
