

Prep a seedbed with just one pass

The multi-purpose Ford Model 214 seedbed conditioner enables you to prepare a seedbed with just one pass — you'll plant more quickly with less soil loss. The 18-inch discs slice through residue, the shanks or tines mix it with the soil, and the flexible, spike-tooth harrow evens everything out. Stop in to see this latest time-saving minimum tillage tool from Ford New Holland, and make your job just a little easier.
