**Ford "30 Series" Model 5030**  
4 Cy - 62 HP Tractor

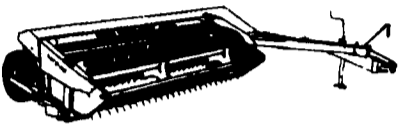

North America's leading tractor line offers you more:

- **Hydrostatic steering.** Easier handling, durable, responsive.
- **Improved front axles.** Both two-and four-wheel drive axles; stronger, durable.
- **Transmission.** Choose the 8x2 or the 8x8 shuttle... the perfect loader transmission, or the deluxe 16x8 Dual Power.
- **Also Choose From:** "3230"—32 PTO horsepower  
"3430"—38 PTO horsepower  
"3930"—45 PTO horsepower  
"4630"—55 PTO horsepower

Come in for the full details on the Ford "30 Series" tractors

**The ultimate 9-foot mower-conditioner**

Stop by and take a look at the best nine-foot mower-conditioner on the market — the Model 492 Haybine® mower-conditioner. You get only the best:

*Close, even cutting* from the lightweight header that floats over ground contours.

*Thorough but gentle conditioning* from chevron-design inter meshing rubber rolls.

*No plugging* thanks to the torsion bar roll pressure system.

*Swath to windrow* in seconds without tools.

Stop by and take a look! You deserve the ultimate nine-foot mower-conditioner.

**The original Rolabar® rake**

*Don't settle for second best*

Depend on the rugged construction of New Holland Rolabar® rakes. More farmers buy New Holland rakes than all other brands combined because they're rugged, reliable and pick up more of your valuable hay. Don't buy an imitation. See us for an original.

**NEW! Exclusive design produces best-ever bales**

The unique New Holland Models 650 and 660 Roll-Belt™ round bales make the best quality bales ever. Tight bales—dense bales. Good-looking, square-shouldered bales that hold up to the weather. The patented Roll-Belt design means fast, sure core formation, even in the toughest crops. The adjustable hydraulic belt-tensioning system puts maximum bale density control at your fingertips. And, you can choose from three optional automatic tying mechanisms for the smoothest package ever.

**Best-in-class performance, capacity**

The "570" New Holland square baler from Ford New Holland brings together performance and reliability, along with improved capacity.

**Save hay Save money**

The New Holland Model 166 windrow inverter can save your hay crop by turning it over to dry, without losing valuable leaves. Get your hay out of the field sooner, before it rains. Or, if it's been rained on, dry it quickly and gently. Make your hay more valuable with the "166".

**Ted fast... beat the weather**

You can beat the weather... and save time and money. The New Holland Model 163 tedder is nearly 18' wide, so you can ted faster and bale sooner. And when you're ready to move, the "163" folds for easy transport...no tools necessary.
