**ORDER YOUR NEW SILO WITH
A FIBERDOME CHUTE OR
REPLACE YOUR OLD WORN OUT CHUTE**

Fiberdome SILO CHUTE

**made with fiberglass, the material of the future
— and proven in the past —**

The Fiberdome chute is designed and engineered to be installed on most types of silos. Its structure allows it to withstand the toughest beating the weather elements or silo unloading systems can possibly dish out.

The chute is constructed in full 7 1/2' sections to minimize the number of joints. Connecting joints have a 2 1/2" tongue and groove design to keep feed in and water out. The large ribbed construction adds stability and strength.

Fiberglass is durable, corrosion-proof, attractive and translucent, allowing sunlight to pass through. Sunlight quickly dries interior moisture in the chute. The hard gleaming gelcote surface will remain for many years.

PICKY. PICKY. PICKY. Pick Your Best Product.

Big Jim To The Rescue!

New suspension system eliminates the need for a tripod and external support cables.

Big volume bottom unloading conveyor. * Belt shield removed to show detail.

Big Jim is the best replacement unloader for your steel silo.

It offers greater capacity, more reliability, lower maintenance costs and excellent-quality haylage. You get wall-to-wall compaction during filling for even more silo capacity.

Stainless Steel

MORE
Protection

The new Volumaxx™ unloader impeller features reversible, adjustable stainless steel paddles, a beefed-up 3/16" stainless steel impeller band in the critical wear areas and a stainless steel auger shroud cover. More stainless steel for longer wear and low maintenance!

The new Volumaxx unloader and Re-New Kit are covered by the exclusive Jamesway three-year warranty. We call it C.A.P. (Customer Assurance Protection). That's peace of mind.

PACMASTER™

Surface Drive Silo Unloader

Pacmaster is one sweet unloader - stronger, faster and built to last a long, long time

*It's a whole lot better
in a whole lot of ways!*
