

National Brown Swiss Recognizes Achievements

FREDERICK, Md. — The Mid-Atlantic Brown Swiss Calf Sale held recently at the Frederick Fairgrounds in Maryland recorded an average of \$1,071 on 36 calves, a record number of consignments for the 19-year-old sale.

Ohio cattle breeder Wayne Sliker served as auctioneer for the sale and his consignment was the top selling animal, being purchased for \$2,700 by Robert Sigler, of Oxford.

According to Sliker, "This impressive and stylish group of calves representing showing genetics, All-American potential, and good pedigrees, was the best group we've ever sold."

Sale manager Cindy Warner said she continues to be pleased with the quality of consignments received year after year. "It's been a real tribute to the sale and its good reputation for quality animals," she said.

Sliker's top selling animal was a March calf sired by Trout Run Distinct Blend. Her dam is a Very Good 87-point Dodson daughter with a record of 29,510 pounds of milk, 1,575 pounds of fat and 1,042 pounds of protein on a lactation started when she was 5 years, 6 months.

The calf's grandam is a 2-E Improver daughter and the third dam scored Very Good, 85 points.

Two calves tied for second highest selling animal at \$2,000.

One calf was consigned by Norman Jordan, of Siler City, N.C., and was purchased for \$2,000 by Scott Hood, of Middletown, Md.

The December calf was sired by December Forest Lawn Tradition, and the dam is a Very Good Peter Rose. The grandam is an Excellent Blend daughter.

Another \$2,000 calf was consigned by Gordon DeMay, of Palmyra, N.Y., and purchased by Brandy Horning, of Huntingdon. The October calf is a Lyndale Magnum Elation daughter out of a maternal line that goes back to grandam Vine Valley Paul Patsy SE.

The third highest price of the sale was paid for a December calf sired by Forest Lawn Tradition. The calf's maternal sister was the 1992 Intermediate Calf National Junior Bell Ringer, the Maryland Bell Ringer, and took reserve junior champion at the North Carolina state fair. Consigned by Jennifer Keilholtz, the calf was purchased for \$1,650 by Howard and Norma Fleming, of Hollywood, Md.

Also noteworthy was a consignment from Wind Mill Farm, of Pine Grove, which was purchased for \$1,500 by Mike Kunkle, of Jonestown. A December daughter

of sire Arvis MGP Convincer, her dam is a Very Good 86-point Improver daughter. The grandam is Vine Valley Patrick Hatty, a 4E cow with a lifetime production of more than 206,000 pounds of milk.

Prices paid for eleven other calves exceeded the \$1,000 mark, according to Warner. She said the quality of consignments merited good prices and calves went to breeders in Pennsylvania, New York, and Maryland.

Scott Hood is president of the Maryland-Delaware Brown Swiss

Association and said he was very excited by the sale's support.

"We had a great sale and I believe there is a tremendous future for the Brown Swiss breed as indicated by the interest and support of the buyers here today," he said. "This was the most calves ever sold in the history of the sale and we didn't have any scratches."

Sliker was helped in the ring by Maryland and junior members who also helped in the barn and with showing the calves.

Sponsored by the Maryland-Delaware association, the sale is

regularly held on the fourth Saturday of April, each year.

The 1994 Mid-Atlantic Brown Swiss Calf Sale is tentatively set for April 23, again at the Frederick Fairgrounds.

All calves sold are entered in the Mid-Atlantic Brown Swiss Futurity with the first payment made by the Maryland association. The first futurity is scheduled for September 1994, at the Maryland State Fair, held in Timonium. For more information, call Cindy Warner at (301) 371-5206.

Lebanon Growers Receive Wool, Mohair Payments

NORTH CORNWALL (Lebanon Co.) — Price support payments for 1992 wool and mohair marketings in Lebanon County totaled about \$7,500, Jenifer K. Minnich, county executive director of the Lebanon County Agricultural Stabilization and Conservation Service, said this week.

The payments went to 30 sheep and goat growers in Lebanon County.

The 1992 support price for shorn wool was \$1.97 per pound, and the national average market price for shorn wool was \$.74 per pound. Minnich said a 166.2 percent payment rate was used to

bring the average price received by all producers up to the support price.

"This rate was applied to the net proceeds received by each producer for shorn wool marketed during the marketing year," Minnich said.

For mohair, the 1992 support price was \$4.613, and the average market price was \$.86 per pound, making the payment rate 436.4 percent.

"Payments were not made on that portion of a producer's sales proceeds which exceeded \$2.96

per pound for wool and \$3.44 per pound for mohair," Minnich said.

To maintain normal pulled wool marketing practices, ASCS supported unshorn lambs at a level comparable to the shorn wool support rate. Therefore, producers received \$4.92 per hundredweight in price support payments for unshorn lambs that were sold or slaughtered during the 1992 marketing year.

Promotion fund deductions from wool and mohair payments were approved nationally by referendums held in 1991.

PUBLIC AUCTION

Household Goods - Antiques - Old License Plates
1990 Ford Escort 12,000 miles
John Deere Riding Mower new '92
Saturday, May 22, 1993

NO PEEL BARN PAINTING

Barns in Lancaster & Surrounding Counties Are Ruined By Overcoating Resurfacing Is The Remedy

- Resurface by waterblasting using your pressure washer with the new dirt chaser gun.
- Into this resurfaced wood we first coat with a new stain paint for deep penetration.
- Second coat penetrates first coat. Both coats are brushed with the finest bristles to control film thickness.
- The thin film allows moisture to breathe through, and will not peel, because it is in the wood giving it a double life.
- Starting today we go back to methods used in a period of time when there was no peeling.
