

MAY 24-30, 1993

SARDINE SEASON NOW.

THE POP-UP TOASTER

Charles Strite, a master mechanic in Stillwater, Minnesota, during World War I, did not like burned toast. In those days preparing toast, even in the new electric toasters, meant carefully watching each piece and turning it by hand to brown both sides. To eliminate human error, Strite added springs and a variable timer, and applied for a patent on May 29, 1919. The idea of a pop-up toaster was an immediate success, but the devices themselves had a few bugs to be worked out. Every one of the first 100 hand-assembled toasters shipped to the Childs restaurant chain was returned for mechanical adjustment. Although "perfect toast every time" was still several years away, the automatic toaster was here to stay.

God gives food but does not cook it.

TIP OF THE WEEK

Keep a small magnet in your sewing basket so you can easily pick up spilled pins.

EARTHWISE

Lots of fresh vegetables and fruits are available now, so spend your food dollars on food rather than packaging. According to the U.S. Department of Agriculture, in 1986 we spent more on packaging — \$28 billion — than the nation's farmers received in net income. Each day we throw away about 4 pounds of non-food garbage per person. That's a lot of garbage, and a lot of money, ending up in our landfills. Take some time to take a look at your buying habits.

YANKFE PORK TENDERLOIN

- 1 1/2 pound pork tenderloin
- 1/2 cup flour
- 3 tablespoons butter
- 1 onion, chopped
- 1 teaspoon salt
- 1/2 teaspoon pepper
- 1/2 cup sour cream

Put tenderloin into thick slices and roll in flour. Place in Irving pan with butter and onion, sprinkle with salt and pepper, and brown on both sides. Baste with sour cream and cook covered, over low heat for about 30 minutes or until tender.

Makes 4 to 6 servings.
