## Bobcat 7753 Long-Wheelbase Skid-Steer Loader

### It's What's Inside That Counts!

Swingout Tailgate - one side engine and engine components service. Easy access to oil cooler and radiator (which are well protected). No need to raise lift arms.

Operator Friendly. You'll find the 7753 offers easy operator entry/exit into a roomy cab.

Easy-to-use foot pedals control loader hydraulic functions, while two steering levers allow precise maneuverability.

Durable axles! Bobcat 7753 axles are solidly built then specially heat treated. Axle Bearings NEVER need greasing because a sealed oil bath keeps them lubricated. New axle hub design protects axle seal from damage from wire or twine. Hub is easily removed if service is required.

Dependable drive chains that NEVER need adjusting.

The "bow tie" design uses prestressed, heavy-duty drive chains in two short continuous loops per side. That means long-life in the most rugged use and NO periodic, time-consuming drive chain adjustments.

#### Experience America's Best.

Melroe company has over 30 years of skid-steer loader experience - longer than anyone else. That's one of the reasons Fortune Magazine has twice recognized the Bobcat loader as one of the 100 products "America Builds Best."

#### Reliable Components.

Other than a few daily checks and fills, you can rely on the PERFORMANCE of the 7753 Bobcat. It has been designed and built with durability and low maintenance in mind.

#### Great Serviceability!

The Bobcat 7753 has been designed to be serviced quickly. For example, there's single-side access to the transversely-mounted engine, a lift-out oil cooler for easy cleaning and a tip-up cab to expose hydraulic and hydrostatic components. For repairs, the exclusive BOSS® System can help quickly diagnose system problems. These features, along with a factory-trained service technicians and "top-shelf" parts availability, mean your loader can be back on the job in no time.

#### TOTAL HAND CONTROL!

Dealer-Installed Option!

- Easy Wrist-Action Control.
- Push-Button Auxiliary Hydraulics For Total Hand Control. (Available only on 50 Series loaders. 40 Series loaders utilize foot pedal to activate auxiliary hydraulics.)
- Easy-Grip Handle.
