Equipment

Cuts more than hay.  
Cuts time.

New Idea 5212 Disc Mower Conditioners cut a big 11'9" swath and condition with 9'6" intermeshing rolls. It's a wider version of our well-known 5209. With it, you cut and condition lots of hay...every trip. And that means you cut time.

Because the New Idea modular disc cutterbar design makes routine maintenance simple and, although unlikely,

repairs a breeze; there's less downtime, too.

Best of all, you'll find our disc mower conditioners are just one segment of our hay equipment line.

Others include round balers, disc mowers,

sickle mowers and mower conditioners, rakes and hay handling equipment.

Free Twine  
with every Baler  
Purchased
