**AGCO ALLIS**

**UTILITY VERSATILITY**

The AGCO Allis 5670 and 5680 utility tractors offer fuel efficiency, reliable drawbar and PTO power, and excellent maneuverability in the 63-72 PTO hp range. They're also backed by a 4-year/4,000-hour warranty.

- **Air- and oil-cooled diesel reliability.** The 4-cylinder, air- and oil-cooled diesel engine delivers 63 PTO hp in the 5670 and 73 PTO hp in the 5680, both with a 22% torque rise. It also eliminates components that cause downtime in liquid-cooled engines. Plus, it is among the best in fuel consumption tests.
- **Lots of speed choices.** The synchropower transmission with synchro-reverser offers 12 forward and 12 reverse speeds, planetary final drive and a self-adjusting, hydraulically-actuated clutch. The optional transmissions include 16 forward and 16 reverse with creeper speeds and a dual-speed of 24 forward and 12 reverse speeds. Both tractor models are available as either 2WD or AWD.

- **PTO power to do more.** The independent PTO operates at 540/1,000 rpm with 6- and 21-spline shafts and a hydraulically-actuated wet PTO clutch. The Category II/1 3-point hitch has a convenient rear remote control and is equipped with telescopic stabilizers. Optional telescopic lower links are available.
- **Quality features put you in control.** The 5600 Series tractors ride on premium Goodyear® radial tires. They have hydrostatic power steering, hydraulically-actuated wet disc brakes, and a mechanically-actuated differential lock. AWD models have four-wheel brakes for 40% better braking and an operator controlled front differential lock for tighter turns.
