

Na-Churs Fertilizer Sets Record

MARION, Ohio — Na-Churs fertilizer company announced that it shipped a record 2.2 million gallons of fertilizer in the month of April 1993. This surpasses all previous monthly shipment records since the company was founded

45 years ago.

The growth of Na-Churs fertilizer is because of several reasons — convenience of the product, effectiveness, lower volume input of fertilizer material, and thus reduced impact against the environ-

ment. The Na-Churs program goes right along with nutrient management, conservation tillage, and other progressive farming practices.

Na-Churs distributor, PARS, Inc., from Elizabethtown, is one of

the largest Na-Churs distributors, and has also seen a growth in their business.

"Our growth is due, in part, to farmers' realization that our products are processed, and are more readily used by the crop which

means that there is less chance of fertilizer tie-up or leaching," said Phares Auker, president. Also he says, "our programs are more natural, and seek to bring soils back to a proper balance. Like a balanced diet for livestock, soils need a balanced diet, too."

POWERSTAR™ TRACTORS

POWER PLUS PERFORMANCE

Added PTO hp, better torque response from efficient, new Genesis™ engines.

Big-capacity hydraulics — instant response when you need it.

Innovation. Quick, easy shifting from 12x12 and 16x16 synchronized transmissions.

Extra comfort and convenience from roomy new operator decks and cabs.

Come see the new PowerStar™ tractors. The new standard for performance in the 66- to 106-PTO-horsepower range.

VALUE PRICED
