NEW! Exclusive design produces best-ever bales

The unique New Holland Models 650 and 660 Roll Belt™ round balers make the best quality bales ever. Tight bales—dense bales. Good-looking, square-shouldered bales that hold up to the weather. The patented Roll-Belt design means fast, sure core formation, even in the toughest crops. The adjustable hydraulic belt-tensioning system puts maximum bale density control at your fingertips. And, you can choose from three optional automatic tying mechanisms for the smoothest package ever.

The ultimate 9-foot mower-conditioner

Stop by and take a look at the best nine-foot mower-conditioner on the market — the Model 492 Haybine® mower-conditioner. You get only the best.

Close, even cutting from the lightweight header that floats over ground contours

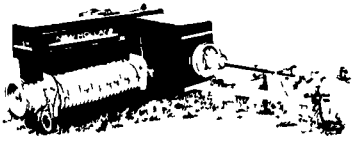

Thorough but gentle conditioning from chevron-design inter meshing rubber rolls

No plugging thanks to the torsion bar roll pressure system

Swath to windrow in seconds without tools

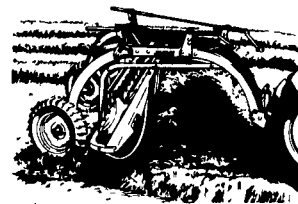

Stop by and take a look! You deserve the ultimate nine-foot mower-conditioner

Best-in-class performance, capacity

The "570" New Holland square baler from Ford New Holland brings together performance and reliability, along with improved capacity.

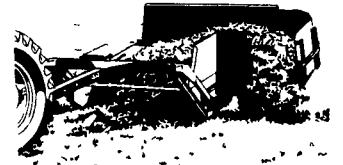

The original Rolabar® rake

Don't settle for second best

Depend on the rugged construction of New Holland Rolabar® rakes. More farmers buy New Holland rakes than all other brands combined because they're rugged, reliable and pick up more of your valuable hay. Don't buy an imitation. See us for an original.

Save hay Save money

The New Holland Model 166 windrow inverter can save your hay crop by turning it over to dry, without losing valuable leaves. Get your hay out of the field sooner, before it rains. Or, if it's been rained on, dry it quickly and gently. Make your hay more valuable with the "166".

Ted fast... beat the weather

You can beat the weather and save time and money. The New Holland Model 163 tedder is nearly 18' wide, so you can ted faster and bale sooner. And when you're ready to move, the "163" folds for easy transport. No tools necessary.

SPECIFY KUHN Quality at Fair Prices

Farmers everywhere in the world compare all other disc mowers to Kuhn. The GMD series of Multidisc Mowers features oval shaped discs to get through crops without plugging. The cutterbar drive-line is designed for perfect dynamic balance with minimum vibration, and the gearbox gears are helical cut for optimum lubrication no matter what angle the mower is cutting.

EL 25 POWER TILLER

State of the art soil preparation with simply the best reliability money can buy. Designed specifically for small hp tractors, the EL 25 offers a strong but compact form. The rotor is driven by forged heat-treated gears in a permanent oil bath. No maintenance like chain-type gearboxes. The shape and positioning of the blades on the rotors ensure the optimal use of the low horse power output of the engine. The EL 25 Power Tiller is a top choice in every place where a small tractor is needed to achieve a professional job for the least cost.

- FLEXIBLE-Rotor speeds match crop conditions
- GA 7301 Hydraulic Folding Rake, Working Width 22' To 24', Swath Width From 4'7" To 6'. EXCEPTIONAL VALUE-\$11,900

KUHN GA 300GT GYRORAKE...

3 Machines In One!

A TURN FOR THE BETTER.

Kuhn's Gyrorake turns haymaking upside down with the 3-in-1 rake, windrow inverter and tedder.

Windrow inversion is an essential process that not only allows hay to dry faster, but also decreases leaf loss as it increases nutrient levels. Get the job done fast with a Kuhn Gyrorake. It lets you match rotor and ground speeds to your crop conditions for gentle, efficient inverting.

But when it comes to Kuhn Gyrorakes, windrow inversion is just part of the story. The GA series offers gentle, high speed raking without roping. Side delivery enables you to double windrow. And if needed, the Gyrorake also is an effective tedder for fluffing and drying hay.
