**ANIMAL HOUSING EXPO**

July 13-14, 1993 Lebanon Fairgrounds

A show for Northeast  
livestock, dairy and  
poultry producers

Dairy, livestock, and poultry pro-  
ducers are a significant part of Pen-  
nsylvania agriculture. While several  
farm shows are held throughout the  
Commonwealth, few concentrate on  
the needs and issues of animal hous-  
ing. The demonstrations, speakers,  
and exhibits at the Animal Housing  
Expo will focus on proven, state-of-  
the-art ventilation, feeding, water-  
ing, manure handling, and housing  
systems.

Dairy, livestock and poultry produc-  
ers may spend as little as a few  
hundred dollars for renovations or  
up to several hundred thousand dol-  
lars for new facilities to provide  
adequate housing for their animals.  
At the Animal Housing Expo, these  
producers will have an opportunity  
to investigate available options, talk  
with industry experts, and select the  
system and services that best meet  
their needs.
