

Md. Swine Sold To Virgin Islands

ANNAPOLIS, Md. — Maryland Secretary of Agriculture Robert L. Walker has announced the sale of Maryland swine to the Virgin Islands. The order of 12 swine is to be shipped within the next two weeks.

"During the last couple of years

we have made many inroads into the Caribbean market for Maryland agriculture. This will be the first of a number of sales we hope to make in the Caribbean for swine breeding stock," Walker said.

"The Virgin Island farmers

have begun a serious program of upgrading the quality of their swine herds. They will be looking closely at the quality of this shipment. If they like what they see, they will want more. I understand there are at least 15 more farmers in the Virgin Islands interested in

importing pigs from Maryland," said Walker.

"This latest sale is part of Gov. William Donald Schaefer's effort to sell Maryland products all around the world. We can now add swine to the livestock, bull semen, Christmas trees and processed foods we already sell in the

Caribbean and Latin America," Walker said.

For more information on the sale of these swine to the Virgin Islands, contact the Maryland Department of Agriculture, International Marketing Services, 50 Harry S. Truman Parkway, Annapolis, Md. 21401, Telephone (410) 841-5770.
