- **Also Choose From:** "3230"—32 PTO horsepower
"3430"—38 PTO horsepower
"3930"—45 PTO horsepower
"4630"—55 PTO horsepower

Come in for the full details on the Ford "30 Series" tractors

NEW! Exclusive design produces best-ever bales
The unique New Holland Models 650 and 660 Roll-Belt™ round balers make the best quality bales ever. Tight bales—dense bales. Good-looking, square-shouldered bales that hold up to the weather. The patented Roll-Belt design means fast, sure core formation, even in the toughest crops. The adjustable hydraulic belt-tensioning system puts maximum bale density control at your fingertips. And, you can choose from three optional automatic tying mechanisms for the smoothest package ever.

MODEL 900 FORAGE HARVESTER

TAKE CONTROL OF YOUR HARVEST

The Model 900 forage harvester puts you in control of your harvest:

- Rugged 21-inch, 12-knife cutterhead for a uniform chop.
- Exclusive flip-up feedrolls provide convenient access to the shearbar and smooth roll scraper.
- Electromagnetic clutches provide instant response in controlling feedroll and attachment drives.
- Optional Metalert™ II metal detector protects cutterhead and your valuable animals.

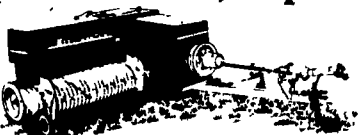

Stop in and let us show you how the Model 900 puts you in control.

HIGH PERFORMANCE LOW HASSLES

The high performance of the Model 790 forage harvester starts with the massive 12-knife cutterhead. It delivers a fine, uniform chop for high quality feed. The "790" is built tough to keep chopping season after season. And routine maintenance is easy to keep hassles to a minimum. Stop in and see for yourself.

Best-in-class performance, capacity

The "570" New Holland square baler from Ford New Holland brings together performance and reliability, along with improved capacity.

RAIN OR SHINE

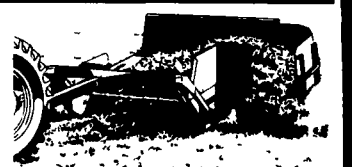

The New Holland Model 166 windrow inverter speeds drying time as it gently lifts, fluffs and turns windrows without roughing-up the hay. And keeping more of the protein-rich leaves intact means you'll get high-quality hay into the bale or silo fast!

The Model 166 features:

- 65-Inch Super-Sweep™ pickup
- Adjustable pickup wind-guard and discharge chute
- East-to-lift overcenter handle
- Optional hydraulic drive
- Optional hydraulic pickup lift

Save hay Save money
NH 144 Windrow Inverter
LEFTOVER - SPECIAL PRICE!
\$2,975 FOB New Holland

The New Holland Model 144 windrow inverter can save your hay crop by turning it over to dry, without losing valuable leaves. Get your hay out of the field sooner, before it rains. Or, if it's been rained on, dry it quickly and gently. Make your hay more valuable with the "144".
