## EBY LIVESTOCK TRAILERS

This 24' Ruffneck from M.H. Eby is an investment in quality.

**Congratulations Dairy of Distinction Award Winners**

A new aluminum trailer, like this one from M.H. Eby, Inc., looks bright and clean when it comes from the factory. The surprising thing is it stays bright and clean for years — with very little maintenance.

Aluminum offers another big advantage over conventional wood and steel trailer construction. It's lighter — as much as 35% lighter.

Eby trailers are designed strong and built tough. Each trailer is custom made to your specifications.

Proof of durability for Eby trailers is their resale value. At five years old, many sell for as much as 90% of their original price.
