

1993 Dairy Of Distinction Farm Photographs

MIFFLIN

MERCER

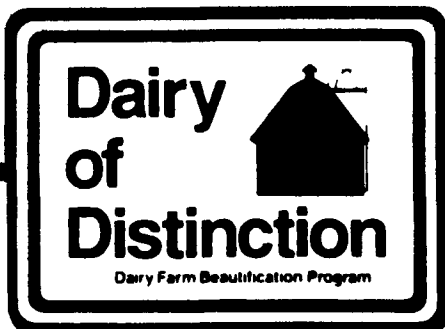

Ligo Farm

John and Judith Ligo are young farmers that take a long range view of the dairy industry. They are especially pleased with the Dairy of Distinction program because they have visitors to the farm and they believe farm beauty does make an impression on the public milk drinkers. They farm 1026 acres in Mercer County north of Grove City. The farm has been in the family since 1958. New dairy facilities were built three years ago for 200 cows. They have 180 Holstein cows that average 18,700 lbs. of milk and additional 182 head of young stock.

Kauffman Farm

Leroy and Joanne and Roderick and Gloria Kauffman, along with their children Duston, Ashlee and Eric, have this Dairy of Distinction in Mifflin County. They have 128 Registered Holsteins with 62 cows and a rolling herd average of 22,000 lbs. of milk. They have a tie stall operation and raise corn and alfalfa for the cows. Located north of Reedsville, Rod's grandfather bought the farm 40 years ago.

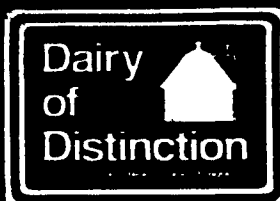

Our Congratulations and thanks to the Dairy families from the 49 farms throughout the state, that have been designated Pennsylvania Dairy of Distinction.

Display your signs with pride. Your outstanding accomplishment is a credit to our industry.
