## YORK

### WESTMORELAND

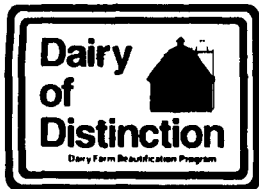

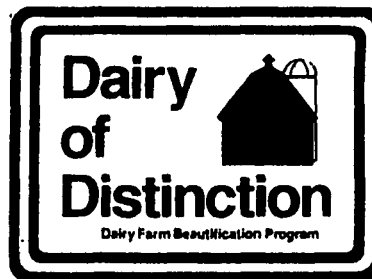

*Hoover Farm*

Eugene and Louise Hoover and their son and daughter-in-law James and Dawnna Hoover and grandson Adam Hayes farm 225 acres. Their Dairy of Distinction is located five miles north of Mt. Pleasant along Rt. 982 in Westmoreland County. Their 50 Holstein milk cows are fed with a paddock pasturing system that was started five years ago. The cows are left to graze on one acre lots for from 15 to 24 hours and then moved on to the next lot. After 15 days they come back to the original lot to graze again. The system has been quite successful for the family. They have a 17,000 lb. rolling herd average. The farm has been in the family for 30 years.

*Deardouff Farm*

Wayne and Bonnie Deardouff and 12 year old son Jason farm 125 acres in York County. Jason already has several dairy animals after claiming a new-born calf when he was three years-old. They have 30 Registered Holstein cows that average over 18,000 lbs. of milk. The farm has been in the family since 1958. A new pipeline milker was installed in the tie stall barn in 1991. The Deardouffs take a special interest in the students at Krollstown Elementary School by providing a tour to the first grade each year.
