

Best Values in New Equipment

The 3900 flex-wing... good news for today's farming.

It's time to take a new look at disk harrows. Especially the new Case International 3900 flex-wing disk harrow. It's the easiest-pulling, level-est-working disk harrow you can hook up to today's high-horsepower tractors.

Here's how the 3900 meets performance, reliability and durability challenges like nothing else in the field:

- It offers superior gang strength from a massive welded tubular unibody frame — good for years of trouble-free operation.

- A unique self-leveling spring-loaded hitch transfers weight between tractor and disk to maintain ground-hugging performance regardless of ridges and gullies. The 3900 stirs and mixes soil, chemicals and residue consistently — even at high operating speeds. This promotes uniform germination.

- A new mechanical stop depth control eliminates variances common with master/slave systems. It's great for uniform incorporation.

- Earth Metal® crimp-center blades give you sharp penetration and an easy pull that saves fuel. Plus extra durability that means fewer replacements.

Want more good news? Stop in today.

Check out the 3900. Also available with Cushioned Gangs® for rocky conditions or coil-tine mulchers for seedbed grooming.
