"Conserving Our Resources Through Science"

ASK AGWAY

UNCOVER THE SAVINGS AT AGWAY

Save on Agway Polyfilm

If you've been protecting your valuable forage with 6-mil film, consider the advantages of our 5-mil linear low-density (LLD) black film:

- stronger
- extra puncture and tear resistance
- lighter weight for easier handling
- specially formulated for agricultural use

It all adds up to performance that *equals or exceeds* 6-mil film.

Stop by your nearest Agway store or representative.

Thousands Say It's So!

These proven performers have over 1,800 daughters in their production summaries. They complement their high protein and production with udder composites over +2.00. There are eight sires in the industry that are at least 50 pounds of protein, over +2.00 on udder composite and at least 97% reliable on production and type. The average price of these eight sires is \$41. The average price of LEADER, ARES and FRONTIER is \$19. Stop and compare-- we are confident you'll find the best buys at Sire Power!
