LEASE THE 85 HP TRACTOR
THAT COMBINES
POWER, PERFORM-
ANCE AND
RELIABILITY

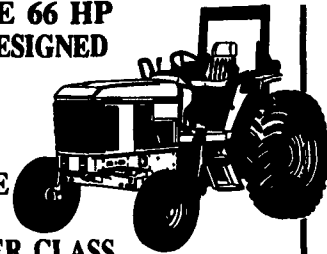

The innovative new 16-speed PowrQuad Transmission gives you powershift performance to deliver the right speed choice for any operation.

Shift on-the-go into one of four synchronized ranges. Then powershift up or down as conditions require.

The smooth, clutchless shifting within each range lets you reach specific speeds quickly to achieve a higher work output.

LEASE THE 66 HP
TRACTOR DESIGNED
TO
BE THE
MOST
PRODUCTIVE
IN THIS
HORSEPOWER CLASS

The new modular frame design reduces stress on the engine and powertrain because the frame carries the load. The result is a stronger, lighter tractor with a better weight distribution and a higher payload capacity than conventional tractors. Plus, the "soft" rubber engine mountings dampen vibration and noise.

 - New electronic monitor gives precise spray rate control (optional).
 - New hydraulically-adjustable rear wheels let you change tread spacing on-the-go.
 - Choose a single front axle, or a new wide front axle with spacings from 79 to 119 inches.

NEW GATOR™ 6X4
UTILITY
VEHICLE
STOP IN AND ASK
FOR A TEST DRIVE!

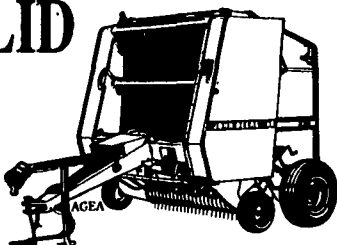

There have always been two types of utility vehicles: those gentle enough to operate on-turf, and those with the brawn and muscle to perform in off-road situations. Until now, that is. John Deere introduces the Gator 6x4 and 4x2, two utility vehicles at home off the road or on the turf. And the best at performing in either environment.

What makes our bales ideal for your operation? Start with the pickup. It reduces chafing because the low profile minimizes hay lift. It's mounted close to the ground so you gain good ground gauging and clean crop retrieval, too. A large feed opening lets you work in a variety of crops and field conditions. At the same time it's tolerant to crop moisture, large bunches of hay, or foreign objects in the windrow.
