dairy policies that's forcing dairy farmers out of business and will continue too.

I wouldn't mind paying a person a good salary — say \$50,000 per year if you really had my concern at heart. I'll bet if you leaders were receiving the same salary as was paid in 1981; you would be out scratching around a lot harder than you are.

I wonder if any of you will respond publicly to my request. If you are working hard for the dairy farmer and trying to obtain a realistic price for us then you deserve a decent salary. If you are

not working for our best interest, then stay in your office and let someone else set dairy policies.

CHORE-TIME Ultraflo® feeders

More Than 230 Ultraflo® Systems Have Been Sold In The Northeast Since 1985 - That's Over 16 Million Birds!

CHORE-TIME

Over 80% of the nation's top egg producers have already switched to Chore-Time cages with ULTRAFLO® Feeders!*

Here are the facts about ULTRAFLO® cage feeders:

- NO UNDESIRABLE FEED.** High velocity steel air stream. No feed buildup or waste in the chain trough.
- NO UNDESIRABLE FEED.** Chain low levels push over feed while feeder runs.
- UNIFORM FEED.** Our rotor slowly revolves, mixing old and new feed blended. Chain doesn't, so feed can get stale.
- REPAIR & MAINTENANCE.** Ours needs the least of all feeders. Easy splicing with auger connector, and no troublesome corners or chain guides to replace. Saves money and time year after year.

NOW! New ULTRAFLO® II trough design means even more feed savings over chain feeders

TAYLOR Waterstoves® Outside Wood Fired Hot Waterstoves®

Simple, Practical, Clean, Safe. A 24-hour year-round system that burns almost anything and stores heat for days until needed.

Save Up To **90%** On Your Heat & Hot Water Bills.

Choose The Size You Need... 115,000 BTU To 3,200,000 BTU Output Per Hour

Pioneer Stove and Wood Products

2120 Quentin Rd., Lebanon, PA (Rt. 72 South of Lebanon)

SIMPLE OPERATION. "Push-Pull" Power Units with low HP motor are located along the feeder line as needed. Have hardened steel gears for trouble-free life. Microprocessor control lets you program feeding time to the second.

EASY AUGER CONNECTOR. Allows fast and simple installation, also quick and easy repair of auger if ever necessary. Auger and trough are both warranted 5 full years. Chain feeders are not.

Call or send for the list of over 80% top egg producers who have switched to Chore-Time!

Call for send for the list of over 200 Ultraflo® houses in the northeast.

Egg producers have been putting up with obsolete chain feeders far too long. Now there's a better way: Chore-Time's proven ULTRAFLO Cage Feeding System. Since introduction, more than 80% of the top 54 egg producers* have gone to ULTRAFLO. A lot of smaller ones have too.

They've all looked at the advantages and chosen ULTRAFLO. That's because it makes them more profitable. Total egg production and egg size—these are the best benefits of our complete feeding system.

Why not check out the facts for yourself? Contact us now—or ask any producer who owns ULTRAFLO.

Because the only negative comments about our feeding system come from our competition—not from our customers.
