**LEASE THE 85 HP TRACTOR  
THAT COMBINES  
POWER, PERFORM-  
ANCE AND  
RELIABILITY**

The innovative new 16-speed PowrQuad Transmission gives you powershift performance to deliver the right speed choice for any operation.

Shift on-the-go into one of four synchronized ranges. Then powershift up or down as conditions require.

The smooth, clutchless shifting within each range lets you reach specific speeds quickly to achieve a higher work output.

BE THE  
MOST  
PRODUCTIVE  
IN THIS  
HORSEPOWER CLASS**

*The new modular frame design reduces stress on the engine and powertrain because the frame carries the load. The result is a stronger, lighter tractor with a better weight distribution and a higher payload capacity than conventional tractors. Plus, the "soft" rubber engine mountings dampen vibration and noise.*

- JD 6500 With Wide Front Axle And 47' Boom, Equipped With Hardi Nozzles
  - New, smooth hydrostatic drive matches speed to conditions.
  - All-new electrohydraulic controls give more convenience.
  - Big 420-gallon solution tank reduces refills.
  - New John Deere turbocharged 94-hp diesel.
  - New electronic monitor gives precise spray rate control (optional).
  - New hydraulically-adjustable rear wheels let you change tread spacing on-the-go.
  - Choose a single front axle, or a new wide front axle with spacings from 79 to 119 inches.

What makes our bales ideal for your operation? Start with the pickup. It reduces chafing because the low profile minimizes hay lift. It's mounted close to the ground so you gain good ground gauging and clean crop retrieval, too. A large feed opening lets you work in a variety of crops and field conditions. At the same time it's tolerant to crop moisture, large bunches of hay, or foreign objects in the windrow.

### NEW GATOR™ 6X4 UTILITY VEHICLE

**STOP IN AND ASK FOR A TEST DRIVE!**

There have always been two types of utility vehicles: those gentle enough to operate on-turf, and those with the brawn and muscle to perform in off-road situations. Until now, that is. John Deere introduces the Gator 6x4 and 4x2, two utility vehicles at home off the road or on the turf. And the best at performing in either environment.

### BRILLION PULVERIZERS

Good yields start with a properly prepared seedbed. A firm seedbed is critical to maintain a uniform planting depth. The seedbed should be firm with fine soil particles at seed depth and should have a loose mulch on the surface to retard evaporation and conserve moisture. Some of the most valuable soil nutrients are locked in the clods left in your field. The Brillion Pulverizer crushes clods to release those nutrients for use by growing plants. At the same time air pockets are eliminated and moisture is drawn up the root zone by capillary action. Good soil to seed contact creates more uniform germination, pollination and maturity... and that means increased crop yields and greater profits.

**IN STOCK: 21', 23' & 25' X-Fold Pulverizers**

### BRILLION SINGLE RANK MODEL DEEP TILL

The single rank model provides simplicity and durability. It is available in 3, 5 and 7 shank sizes. In working widths of 7'6", 12'6" and 17'6". Shanks pacing is 30" but can also be set at 20" in light trash conditions. Single rank models are close coupled to the tractor for effective control and maneuverability. Manually adjusted gauge wheels control working depth to 18". A speed of 4 1/2 to 6 MPH is recommended.

**IN STOCK: Model BTS3 3 Shank Deep Till**

### SEMI-MOUNTED REVERSIBLE PLOWS

Overum hydraulic stone trips have more travel than competitive rollover plows. Bottoms won't "Bottom Out" during tripping action. Overum bottoms have a soil breaking angle which minimizes draft forces necessary to invert soil (approx. 20% horsepower savings).

**Model CVL498HV 4 Bottom Reversible Plow With Hydraulic Stone Trips List \$17,900**

**SALE \$12,900**

**SALE PRICES END SEPT. 30, 1993**

### OVERUM

### FULLY-MOUNTED PLOWS

- Overum reversible plows have underframe rotation meaning high lift is not required and bottoms self clean during rotation
- Overum bottoms penetrate even in the hardest conditions

**Model BT387V 3 Bottom with Spring Trips**

**SALE \$3,290**
