Versatility
Champ!

With a horsepower rating for maximum 200 hp, the Gehl 1060 features exclusive patented spinner delivery system that "jets" material from cylinder to blower in a continuous flow. Other features include overrunning clutch; in-head hydraulic knife sharpener that allows in-field knife sharpening and refacing of cutterbar, using tractor hydraulics, and single-station cutterbar adjustment. Auto-Max system, speed monitor, metal detector, haylage water tank optional! It's totally versatile! Make us prove it with a demonstration.

EVEN WHEN IT'S EMPTY...IT'S LOADED!

When you're checking out box-type manure spreaders, look to Gehl for a better spreader! Gehl box spreaders are available in five sizes ranging from 135 to 425 bushel heaped capacities.

GEHL

Thoroughly Conditioned

The Gehl 2140/2170 mower conditioners will thoroughly condition your hay. These pull-type mower conditioners are built for fast cutting, fast drying and worry-free performance. The wide, intermeshing rubber rolls with intermittent ribs give you 38% more working edges than continuous-ribbed rolls, for more thorough conditioning. That means shorter drying time with less leaf damage. See your Gehl dealer today on how the 2140, with a 7 ft. cutting width, and the 2170 with a 9 ft. 3 in. cutting width will fit into your haymaking operation.

Unparalleled Performers

The ultimate forage blowers are here - the Gehl 1540, 1560 and 1580. These blowers have been developed around the high capacity tradition of famous Gehl blowers. In addition to unmatched capacity, these blowers boast many convenience features - swing-away blower outlet, removable tunnel covers, replaceable rim sheet liner, adjustable left axle, quick-adjust air vents, PTO storage hanger and more. PUT A GEHL BLOWER TO THE TEST ON YOUR FARM TODAY!
