

Saturday Is Kid's Day At KILE

HARRISBURG (Dauphin Co.) — The Keystone International Livestock Exposition has chosen Saturday, October 2, 1993 as a special day for children. Daily attractions continue throughout Kid's Day including a special performance by "The Pied Piper."

Kessler's "Petting Farm" is open all day long providing a unique experience for the children to actually touch and hold farm animals such as a colt, ducks, and baby pigs. A farmer will be there to answer any questions youngsters may have.

Six shows will be presented throughout the day featuring the Hatfield Racing Pigs. Youngsters will especially enjoy these events as the racing pigs leave the gate at high speed in search of the prize at the finish line.

Lebanon Valley National Bank is sponsoring the "Agri-Kid Olympics" at 12:00 noon. The olympics is a fun time for kids as they compete in such farm-related events as Sack Races, Wheel Barrow Races, Laughing Contest, Horse Shoe Pitch, Hog-Calling Contest, and learning how to Auctioneer.

The Kiddie Pedal-Power Tractor Pull is a special event very similar to the big tractor pulls seen at many county fairs. Children must pre-register at 1:30 for the event which will be held at 3:00 p.m. The event is limited to 80 participants, each one receiving a memento of the event.

So, why not plan to bring your children to the 1993 Keystone International Livestock Exposition at the Farm Show Complex in Harrisburg, PA.

Scenes like this can be expected again at Kid's Day.

Highland Cattle Added To KILE

HARRISBURG (Dauphin Co.) — Over 100 Highland Cattle from nine states will be entered in the competition at the 1993 KEYSTONE INTERNATIONAL LIVESTOCK SHOW in Harrisburg, Penna. on Saturday, October 2, 1993. The show will begin at 12:30 p.m. The eigh-

teen breeders will be coming to the show from nine states and Ontario, Canada.

The Highland Breed is known to be domesticated continuously longer than any present breed in the World. References stretching back 1000 years place the animals

in the Highlands of Scotland. Old paintings of Highland cattle show that the breed has remained unchanged for centuries. The British registry began in 1884 and the United States registry opened in 1948. This marks the first year that Highland Cattle will be shown at KILE.

FARM DIGESTANT PROGRAM

FEATURING

BIO-DIGESTER 3

A New Product For Digestion In Waste Pits

BIO-DIGESTER 3 is a new generation blend of aerobic and anaerobic bacteria cultures and stabilized free enzymes to aid in the digestion and elimination of solid accumulations, and to remove the source of foul odors in waste storage systems. BIO-DIGESTER 3 is a non-toxic and environmentally safe digestant that utilizes mother nature's own cleaning agents to eliminate the build-up of solids and the organisms that cause foul odors from waste systems and their associated plumbing. BIO-DIGESTER 3 contains no harsh solvents, no corrosive or dangerous chemicals and will not harm people, animals, clothing or materials commonly used in construction of waste systems. The bacteria cultures and enzymes in BIO-DIGESTER 3 are activated by dilution with water and work synergistically to break down and liquefy solids.

Just follow the simple procedure: - Determine the capacity of your pit - Check the pH of your pit
- Provide air for bacterial growth - Proper mixing of BIO-DIGESTER 3

The best manure management program on the market today!

**100%
Guaranteed**

Sunday Is Family Day At KILE

HARRISBURG (Dauphin Co.) — The Keystone International Livestock Exposition has scheduled Sunday, October 3, 1993 as a special day for the family. We begin the day at 8:00 a.m. with a sunrise church service for the entire family.

We encourage you to bring your family and enjoy the many attractions of the Livestock Exposition. Ray Owen will stroll through the complex entertaining you with songs, and "The Pied Piper, the Singing Walkaround" will amuse people of all ages.

Hatfield Racing Pigs will present six shows throughout the day to entertain you. Experience the thrill as the pigs race to the finish. Each 15 minute show features four heats.

Educational Exhibits are displayed throughout the complex to provide you with information on varied areas. The "Petting Farm" will be open all day for your family to enjoy the animals. Ag Commodity Food Booths are set up to tantalize your tastebuds.

Why not plan to visit the 1993 Keystone International Livestock Exposition at the Farm Show Complex in Harrisburg, PA.
