

Jason, Wendy, Jena & Sam Kauffman

“When I put high-quality feed into my Harvestore structure, I get high-quality feed out!”

Samuel K. Kauffman, Belleville, PA

2033 Harvestore® structure constructed in 1991
21,000 lbs. Milk, 781 B.F., 690 Protein

“When I feed corn from my Harvestore structure, I get consistent feed. It’s a good all-around way to feed corn. I get more energy into the cows. My cows peaked at 80 lbs. per cow this past year and held that for a couple months!”

The results you may achieve with your Harvestore® System depend primarily upon your management skills and may vary from successful results achieved by others. Any application in a particular farming operation requires the advice of qualified experts and is subject to limitations of good management, weather and other conditions present at the individual location. Harvestore is a registered trademark of A.O. Smith Harvestore Products, Inc.
