

tomorrow's leaders  
in agriculture

4-H reaches young people across the nation, offering them an opportunity to contribute to their community as they develop independence, awareness and responsibility. With subjects like livestock, plants and soil, energy, ecology and jobs and careers, boys and girls between the ages of 9 and 19 partake in activities and projects aimed at promoting creativity and personal growth. Their 4-H experience provides a foundation of strong ideals to live by as they become our next generation of adults. It's an important organization... one that we heartily support and proudly salute.

Thanks, 4-H
