 Frozen Eggs**

Tuesday, September 28, 1993

Prices were edging higher generally as a reflection of increased costs of raw materials. Trading was sporadic with most buyers cautious and just buying for immediate needs. Most breakers maintained desired schedules and were selective in purchasing any additional raw materials. Floor stocks were generally adequate to cover current trade requirements.

**STIR DRYING  
 SAVES MONEY**

**Design III Stir-Ator Is Engineered  
 To Do Just That — Save Money**

A Design III Stir-Ator turns any drying bin into a self contained drying system. Get the drying capacity of a large continuous flow system at less cost—with storage as a bonus. A Stir-Ator gives you wet holding, drying, and storage, all in the same drying bin. It also loosens, mixes, and circulates grain so it dries faster. Save money this harvest season with a Design III Stir-Ator from DMC.
